YOUR RESPONSIBILITY

We have introduced these enhanced hygiene protocols – for you, our other guests, and our team members. An inherent risk of exposure to COVID-19 exists in any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness and death. According to the World Health Organization and government health bodies, senior citizens and guests with underlying medical conditions are especially vulnerable.

We ask that you please take personal responsibility for your wellbeing. This begins with packing any personal protective equipment and sanitisers you require. Please adopt physical distancing and hygiene practices throughout your pre-trip travel arrangements and follow all health instruction whether physical signage, or requests from our professional staff once you are vacationing with us. In choosing to travel with Trafalgar, you voluntarily assume all risks related to exposure to COVID-19. Let's help keep each other safe and healthy.
